

decorativeconcretegroup.co.uk

DECORATIVE CONCRETE SPECIALISTS

are experts in our field and have vast experience in the commercial sector. We can guarantee a smooth, well structured and self sufficient installation. We are PICS's approved installers, use the highest quality materials and offer an unparalleled level of service and workmanship within our industry.

Every member of staff is CSCS registered and our Team Leaders carry the appropriate management qualifications, as well as having a First Aider on each team.

We carry the relevant insurance and qualifications for plant we use on site and work systematically to our method statements, ensuring our risk assessment remains valid at all times. PPE is supplied and worn and each employee is versed in health and safety law, making us the ideal choice to carry out your commercial work, in a hassle free, self sufficient and professional manner.

We can also reproduce your **company colours** and style, including corporate logos and brand designs in a multitude of decorative concrete finishes.

Whatever the size and scope of your works, you can rest assured that Decorative Concrete Specialists are on-hand to offer an expert and professional installation, using the best materials and concrete finishers in the business.
